Lab 2 — Responsive Navbar and Grid Drill

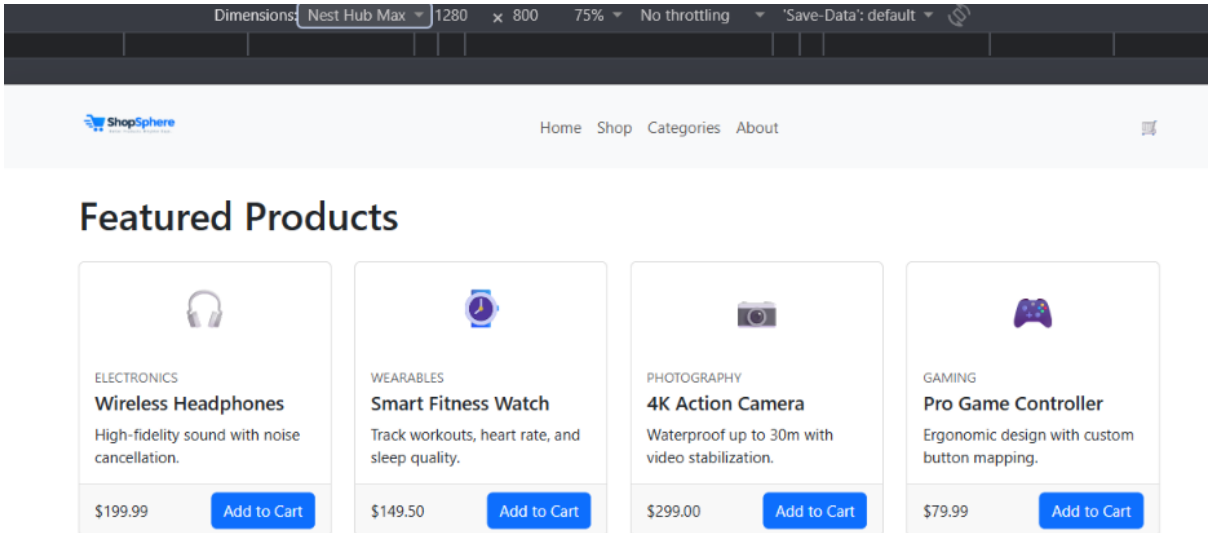

Difficulty: Easy–Medium · **Covers:** Lectures 7–10 · **Folder:** lab-2/

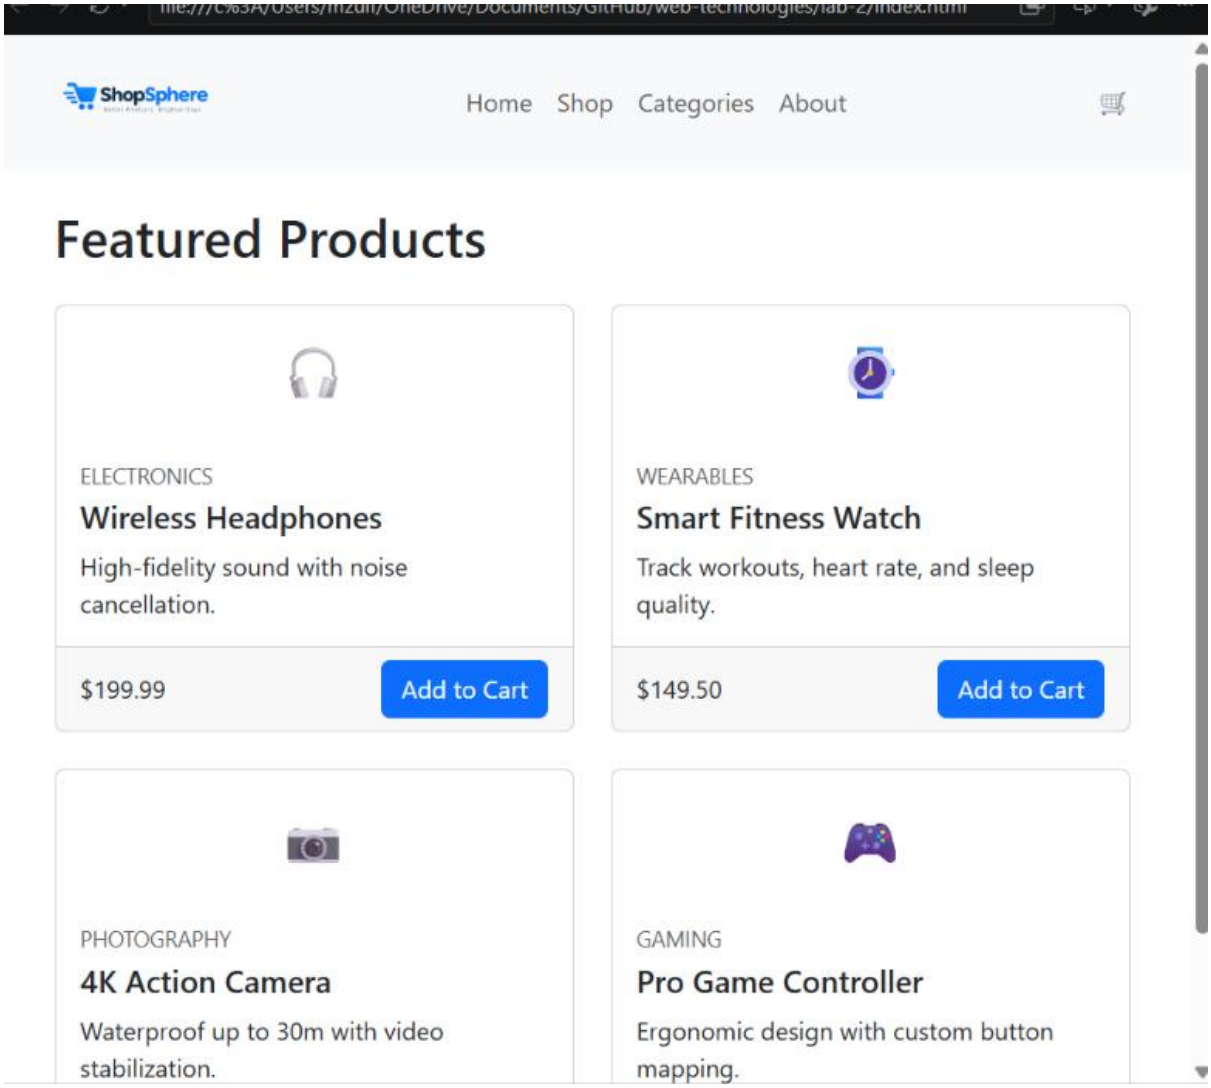

A focused, smaller-scale rehearsal for Assignment 2: build **just** a responsive navbar (logo left, links center, cart icon right, collapsing into a hamburger menu below 768px) and a 4-column-desktop / 2-column-tablet / 1-column-phone product grid, using Flexbox or Grid plus Bootstrap or Tailwind. Content can be placeholder text/images — the point is the responsive mechanics, not the final design.

Deliverables in lab-2/: index.html, your CSS/framework files, and your completion PDF (with screenshots at phone/tablet/desktop widths).

127.0.0.1:5500/lab-2/index.html
